This Checked Proceedings for Awhile-Trouble Broke Out Again - Troops Finally Got Upper Hand.

armentiers. North France, Oct. 13 .-This town was today given up to riot, pillage and incendiarism as a consequence of the weavers' strike. Nothing this morning foretold the serious disturbances about to occur, but at noon the strikers, not receiving answers to their demands from the employers, broke out into the wildest excesses. A mob of 6,000 gathered in the great square and urged the troops stationed there to throw down their arms, shorting: "Down with patriotism."

The rioters then spread through the principal streets, breaking the windows of the stores, dragging out the huge display of rolls of linen, which they stretched ncross the streets with the object of inveding the advance of cavary. They wrecked shops, sacked the houses of persons obnoxious to the ringleaders and attacked the banks, in two of which they succeeded in steal-ing a few hundred dollars from the

Fire was put to two houses belonging to the strikers' employers and one big factory. The local brigade being inadequate to cope with the conflagrations, an urgent appeal was sent to the neighboring town of Lille, whence a steam pump and reinforcements of firemen were sent.

By midnight, however, the troops and had gained the upper hand and reed the mob. The streets are deserted except for the armed paersed the mob. The authorities are taking measres to asceptain the names of the ingleaders in the riots. As a result of the intervention of the prefect the employers' terms to a referendum

Ought not to mean growing weak and feeble. It does not mean weakness or feebleness for those who eat with good appetite and sound digestion. It is of the utmost importance that old proof. the utmost importance that old people should retain the power to digest and assimilate food which is the sole source of physical strength. "It is with gratitude we acknowledge what Dr. Pierce's medicine has done for grandmother's good, in fact it has cured her," writes Miss Carrie Rauker, of Perrysburg, Ohio. "She had doctored with several physicaus but found no relief until Dr. Pierce advised her what to do. She has taken only three bottles of 'Golden Medical Discovery' and is entirely well. She suffered with pain in kidneys, bladder and liver for ten years, and her limbs were swelled with dropsy so bad she could hardly walk. "Being asked a few days ago whether there was any likelihood that the decision of the tribunal would be inforced by diplomatic considerations, Mr. Aylesworth replied, speaking for himself, that he certainly would never consent to give away a single inch of territory he believed to be British."

The Canadian story created some concern. It appears certain that neither Mr. Aylesworth nor Sir Louis Jette, another of the Canadian commissioners have the slightest intention of agreeing
